

December 4, 1956

Dr. William Trager
The Rockefeller Institute for Medical Research
66th Street and York Avenue
New York 21, N. Y.

Dear Dr. Trager:

Thank you for your message of November 26. I am sorry that Mr. Inoki's paper is not suitable for you, but I have no grief whatsoever in this matter having only a slight acquaintance with the author. May I suggest that you retain his manuscript until you have received a reply from him. I will be communicating with him on another matter in due course and if he has not given you further instructions I will pass word on to you. If you have heard nothing after a reasonable interval, may I ask that you simply return the manuscript directly to him.

Yours sincerely,

Joshua Lederberg
Professor of Genetics
